Roblox Entrepreneur: Create, Code, Publish Games

Course Description

Roblox is one of the fastest-growing game creation platforms on the planet, with more than 60 million players per month and top developers making over $1 million a year. In this course, you'll use Roblox's built-in editor to create 3D worlds and then use Lua to code game mechanics. Publish, share, and play games with friends on any platform from console to mobile. Study games that have been runaway hits and learn how to implement some of the same monetization strategies.
